Book Description

AMAZON BEST SELLER IN EXPERIMENTS & PROJECTS Go on a breathtaking Journey Into Your Brain! It seems our brains have a multitude of ways of doing things we have absolutely no idea about. In fact, Dr. Eric Haveline builds a fascinating and convincing argument that our brains actually go out of their way to hide their secrets from us. Through a series of fun, quick experiments that you can do yourself, you will uncover these surprising truths and go on a thought-provoking adventure. Much more "wow" than "uh," Brain Safari gives you direct, immediate experiences of the inner workings of your brain. Each of these experiences is designed to be fun, simple, and clear, and they won't fall short of the best. Dr. Haveline brings decades of imaginative and informative research to this book. It will leave you in awe of the complicated organ within your head.
