In 1631, Captain Luke Foxe embarked on an audacious expedition to find a Northwest Passage to the Orient. His ship, the Charles, sailed into the uncharted waters of the Arctic, enduring treacherous ice floes and relentless storms. Foxe's detailed account of his voyage, published in 1635, provides a captivating glimpse into the challenges and wonders of Arctic exploration.

Foxe's narrative is not merely a chronicle of hardship and adventure; it is also a testament to his keen observation and scientific curiosity. He meticulously recorded the flora and fauna of the Arctic, and his descriptions of the Inuit people offer valuable insights into their culture and way of life.

Captain Thomas James' ship, the Henrietta Maria, anchored in Hudson Bay.

A decade after Foxe's voyage, Captain Thomas James set sail for the New World, seeking a Northwest Passage to the Pacific Ocean. In 1631, he entered Hudson Bay, where he spent the winter trapped in the ice. Despite the harsh conditions, James's crew explored the surrounding coastline,

making valuable observations and establishing contact with the local Cree people.

James's account of his expedition, published in 1633, is a fascinating blend of adventure, ethnography, and scientific inquiry. He vividly describes the challenges of wintering in the Arctic and provides detailed descriptions of the Cree people's customs and beliefs.
