## Cooking and Eating

Pack a compact and efficient camp stove, along with the necessary cookware and utensils. Bring food that is easy to prepare and store, and don't forget a cooler to keep perishable items fresh.

Maintain good hygiene while camping with a portable toilet or shovel, and bring along biodegradable soaps and toiletries. Pack a sufficient supply of water for drinking, cooking, and washing, and carry a water filtration system if necessary.

Observe wildlife from a respectful distance, and never approach or feed animals. Store food and scented items securely in bear-proof containers or canisters, and be aware of your surroundings at all times.

Enjoy the warmth and ambiance of a campfire, but always follow fire safety regulations. Build your fire in designated areas, and be sure to completely extinguish it before leaving the campsite.
